

How to use css in react-native

```
import { StatusBar } from 'expo-status-bar';
import React from 'react';
import { Button, StyleSheet, Text, View } from 'react-native';

class App extends React.Component{
  render(){
    console.log(this.state);
    return (
      <View style={styles.container}>
        <Text style={styles.text}>Soumya Jana</Text>
        <Text style = {{color:'white'}}>Powered by Human Brain Engine</Text>
      </View>
    );
  }
}

export default App;

const styles = StyleSheet.create({
  container: {
    flex: 1,
    backgroundColor: '#fff',
    alignItems: 'center',
    justifyContent: 'center',
    backgroundColor: '#221f3d',
  },
  text:{
    fontSize:30,
    textTransform:'uppercase',
    letterSpacing:2,
    color:'#ff6efd',
  }
});
```

this will looked like something like this
